A number of years ago a great evangelist by the name of H.A. Ironside was preaching on the streets when a well known professor who was a very vocal and active atheist began to heckle him. Ironside kept trying to preach but this bitter professor kept yelling — "There is no God, Jesus is a myth!" Ironside kept preaching ... the antagonistic professor became more belligerent and began to taunt Ironside by shouting — "I challenge you to a debate! Are you afraid to debate me?" Ironside knew that a debate wouldn't prove much but he needed to respond to the attacks so he said — "Sir I accept your challenge ... but on one condition! When you come to the debate, I ask that you bring with you ten men and women whose lives have been changed for the better by the message of atheism! Bring some alcoholics and drug addicts who have been set free by atheism's power ... bring former prostitutes, criminals and outcasts let them tell us how atheism has lifted them out of the pit!" "And sir," Ironside said — "if you can find ten such men and women, I will be happy to debate you. And when I come, I will gladly bring with me two hundred men and women from this very city whose lives have been transformed in just those ways by the power of the gospel of Jesus Christ!"

### **IF GOD WERE LOVING THERE WOULD BE MORE THAN ONE WAY**

Because God is loving there is only one way.

- We have to start with God not ourselves.

To know yourself you, you must first begin to know God. **WE HAV THAT BACKWARDS**

Products of enlightenment start with basic goodness of humanity. **DESERVE**

Sweeps sin under the rug. Ignores its catastrophic consequences. denies the greatest characteristic of God (HIS LOVE). the lengths He went to RESCUE US bring Heaven to us.

- In other words the beauty of God is lost, the grand narrative is lost, your value is lost and we are left with nothing more than empty hedonism of material world.

John Paul Sartre life is an empty bubble floating on a sea of nothingness.
